Our title this year is: Arbitration in the 'New Asia', a contemporary reconciliation of policy, theory, and practice. Considering the current and future impacts of pivotal, interwoven Asia Pacific phenomena such as ASEAN, OBOR, and APEC, it is imperative to keep a comprehensive, up-to-date pulse on developments within the arbitration landscape.

Our wide range of 'hot topics' and impressive guest speakers ensures the relevancy of our Bali Arbitration Summit for all parties engaged in business in Asia Pacific, not just legal professionals.

Bali Arbitration Summit will be a great opportunity for you to renew friendships and to forge new ones. Come and revel in the crossroads of Asia in its cultural diorama, world-class tourist attractions and fabled cuisine!

About Bali Arbitration Summit on October 15, 2018

In line with the October IMF Annual Meetings and the aims of Indonesia as the host country, BIAMC announces its 2018 Arbitration Summit: Arbitration in the 'New Asia', a Contemporary Reconciliation of Policy, Theory, and Practice.

With over 15,000 foreign and Asian professionals in Bali for the IMF Annual Meetings, BIAMC will bring together an unparalleled breadth of international leaders in its 2018 Summit. From multi-government officials and policymakers, renowned academics, industry giants, and media to international arbitrators, lawyers, and legal professionals, attendees will have access to the most 'real time', relevant arbitration developments that effect all cross border commerce while networking within an unprecedented pool of potential partners.

BIAMC will also combine the trend and advantages of technology with our summit to make it customized and interactive. Once participants register, we will welcome specific questions for the upcoming topics to be covered. Then, some and/or all of those questions will be answered by the speaker. Also, during each speakers's presentation, participants can post questions on our live feed. For the last 15 minutes of each time slot, the speaker and a moderator will address the recent queries. Our aim is to bring a comprehensive, responsive, and up-to-date pulse on the evolving needs of the arbitration landscape.

Our wide range of 'hot topics' and impressive guest speakers ensures the relevancy of our Bali Summit for all parties engaged in business in Asia Pacific and beyond, not just legal professionals. Our Summit will also be followed by a business matching Gala Dinner, allowing a targeted yet leisurely venue to establish valuable contacts and prospective associates. This unique integrated matchmaking and networking platform adds undeniable and potentially immeasurable value to all types of growth and development initiatives worldwide.

Join our Bali Arbitration Summit! It will be a great opportunity for you to renew friendships and to forge new ones. Come and revel in the crossroads of Asia in its cultural diorama, world-class tourist attractions and fabled cuisine!
